

Features of the product

1. Excellent driving performance

- High performance AC motor and precise motor control technology
- Low noise, low vibration and high torque within a wide range from low speed to high speed
- Design prevents the leaning of belt
- High tensile frame

2. Enjoyment of TV, VCR and DVD

- Install 15" LCD monitor at the main body of the treadmill
- Headphone support function

3. Scientific exercise program

- Various built-in exercise programs (strengthening of cardiopulmonary function, body fat-burn, promotion of physical strength, etc.)
- Target-oriented built-in exercise programs
- Built-in exercise programs linked to the Heart rate with which the treadmill grade is automatically regulated

4. Convenient function for the manager

- Itemized manager modes are built-in (functional setting is suitable for the requirements of a club)
- Automatic oil-injection method

5. In consideration of the safety and convenience of the user

- Implementation of the low profile design
- Multiple impact mitigation systems (MSAS)
- Nano-Silver Antimicrobial Handlebar
- Touch Sensitive switch (regulates the brightness of lamp)
- Ergonomic design
- Two types of emergency switches
- Wider 2 shelves
- Convenient interactive operation method

Specification Table

Motor	AC 3.0HP, Continuous Duty (continuous rating)
Speed Range	0.1—21 Km/h , can be increased / decreased by 0.1 Km/h
Grade Range	0—15%, can be increased / decreased by 0.5%
LCD Dashboard Screen Size	15" TFT LCD TV Panel
Control Buttons	Channel Adjustment, Volume Adjustment, LCD Screen On / Off
Input Signal Method	NTSC (Domestic), PAL (Overseas) SECAM (Overseas)
Image Signal	RCA, S-Video
16x32 Dot Matrix Size of Display Screen	40.64 x 81.28 (mm)
Display of Exercise Information 7 Segment FND	Exercise time, remaining exercise time, grade, consumed calories per hour, exercise distance, consumed calories, exercising speed, PACE (min/km), heart rate
Heart Rate Measurement System Touch Type Heart Rate	0
Heart Rate Measurement System Wireless Heart Rate	Option
Exercise Program Built In	10
Exercise Program Cardio	5
Exercise Program User Compilation	10
Exercise Program Target	Distance, Calories, Time
Communication Port	RS232C
Side Shelf	2 (Water Bucket, MP3, Mobile, Etc.)
Earphone Socket	0
Emergency Stop	Push button switch, magnetic Pull switch
Handlebar	Side, front
Side Guard Rail	Option
Running Area	520 X 1,590 (mm)
Oil Injection	Automatic and manual
Power Supply	110/220VAC, 50/60Hz
Other Features	Electronic touch switch built into the lamp, aluminium support and non-slip cover, one-touch speed function, one-touch grade function
Manager Mode	Exercise time, maximum speed limit, indicated unit, pause time, accumulated distance, accumulated time, injected amount of oil, error log, S/W version indication
Permitted Load of User	185 (kg)
Length x Width x Height (mm)	2,161 X 900 X 1,518 (mm)
Weight	204 (kg)
